SUMMARY

Results-driven Full Stack Software Engineer with 1+ years of hands-on experience designing, developing, and maintaining scalable web applications. Strong background in React, TypeScript, Node.js, PostgreSQL, and RESTful APIs, with proven ability to deliver production-ready solutions, improve system performance, and collaborate effectively in agile environments. Passionate about clean code, continuous learning, and building technology that delivers measurable business impact.

EDUCATION

The Cooperative University of Kenya
Bachelor of Science in Software Engineering

Nairobi, Kenya
2022 – 2026(Expected)

Tenwek High School
KCSE Grade: B+

Bomet, Kenya
[Certificate](#)

SKILLS

Software Development:

- Frontend - JavaScript, TypeScript, React.js
- Backend - Node.js, Express.js
- Database – PostgreSQL, MongoDB

Tools & Technologies:

- Wireshark
- Linux (command line, system navigation)
- Git & GitHub
- Docker (basic container security understanding)

WORK EXPERIENCE

[NewAge AI](#)

Software Development Intern

Nairobi, Kenya

May – Aug 2025

- Developed and deployed full-stack web applications using React, TypeScript, Node.js, and PostgreSQL, supporting real-world production use cases.
- Designed and optimized database schemas using Prisma ORM, improving query performance and data integrity.
- Built and maintained secure RESTful APIs with authentication and role-based access control.
- Collaborated within agile development teams, contributing to sprint planning, daily stand-ups, and iterative releases.
- Conducted structured code reviews that improved code quality, maintainability, and reduced postrelease bugs.

PROJECTS

SmartTransit KE (Tech Stack: React, Node.JS, PostgreSQL)

- Web-based reservation system to streamline bus ticket booking, seat allocation, and schedule management.
- Focused on providing real-time seat availability, secure online booking, and role-based dashboards for operators.

CERTIFICATIONS

- Governance, Risk, Compliance, and Data Privacy – [IBM SkillsBuild](#)
- Cloud Security – [IBM SkillsBuild](#)

- Incident Response and Systems Forensics – [IBM SkillsBuild](#)
- Security Operations and Management – [IBM SkillsBuild](#)
- System and Network Security – [IBM SkillsBuild](#)
- Vulnerability Management – [IBM SkillsBuild](#)
- Cybersecurity Certificate – [IBM SkillsBuild](#)

LEADERSHIP EXPERIENCE

Project Lead

September –December 2025

- Led a team of five students in the planning, development, and delivery of a class project from concept to completion.
- Coordinated tasks, delegated responsibilities, and ensured effective collaboration among team members.
- Managed project timelines and ensured all milestones were met within deadlines.
- Facilitated team discussions and resolved conflicts to maintain productivity and focus.
- Presented final project outcomes to instructors.
